NOTE FOR MR. COLBY

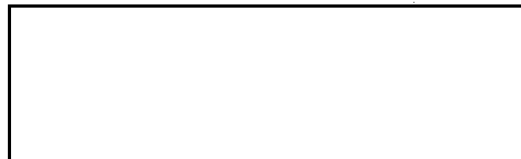

SUBJECT: Objectives

Attached on left side is the prior draft with your mark-up.

On right side is draft which includes your corrections.

Re: Objective E. The word "military" in first sentence was in the President's memo so we left it in. A sub-objective calls for use of USIB to help review requirements and purge old ones.

The specific emphasis on technical intelligence, R&D and Warsaw Pact for military intelligence was the result of the DOD response to an earlier draft. They made, in writing, a strong appeal that these topics be set as specific substantive objectives. The number ten for needs was just our own idea.
